

# Nitin Kumar

## Curriculum Vitae

B.Tech Information Technology Student | Web Developer | Content Writer | Self-Learner

Email: nknotin5555@gmail.com | Location: India | GitHub: nitinpersonal30

## CAREER OBJECTIVE

---

To secure an internship or entry-level opportunity where I can apply my knowledge of web development, programming, digital content, and problem-solving while learning from real-world projects and contributing with discipline, creativity, and continuous improvement.

## PROFILE SUMMARY

---

- B.Tech Information Technology student with strong interest in web development, Python, Java, WordPress, SEO, content writing, copywriting, and video editing.
- Self-learner focused on building practical projects, improving technical fundamentals, and creating professional digital assets for students and small businesses.
- Comfortable with beginner-friendly frontend development, GitHub hosting, portfolio creation, blog content structure, and clear communication.

## EDUCATION

---

**B.Tech in Information Technology** | Current Student

- Current learning focus: computer fundamentals, programming, web technologies, Git/GitHub, and practical software development workflow.

## TECHNICAL SKILLS

---

**Frontend:** HTML5, CSS3, JavaScript, responsive design, forms, semantic HTML, accessibility basics

**Programming:** Python, Java, C basics, logical thinking, problem-solving, DSA fundamentals

**Tools:** Git, GitHub, VS Code, Chrome DevTools, MS Office, basic troubleshooting

**Web & CMS:** WordPress basics, GitHub Pages, Netlify-style deployment, website performance awareness

**Content & Marketing:** SEO basics, content writing, copywriting, human psychology, business strategy, video editing

## PROJECTS AND PRACTICAL WORK

---

**Personal Portfolio Website** - Created a responsive portfolio website with sections for profile, skills, projects, education, contact, resume download, and CV download using HTML, CSS, and JavaScript.

**Static Web Pages and UI Practice** - Practiced navigation bars, hero sections, responsive cards, contact sections, forms, landing pages, and mobile-friendly layouts.

**Content Writing and SEO Practice** - Creates structured content briefs, blog outlines, SEO titles, meta descriptions, and reader-friendly technical notes for learning and portfolio development.

**WordPress and Website Improvement Learning** - Explores WordPress themes, plugin ideas, website performance, SEO structure, and basic site troubleshooting.

## PROFESSIONAL STRENGTHS

---

- Fast learner with consistent interest in building practical projects and improving skills step by step.
- Creative mindset combining programming, content writing, copywriting, SEO, video editing, and business strategy.
- Good discipline, communication, problem-solving attitude, and willingness to learn from feedback.

## EXPERIENCE

---

**Fresher / Student Self-Learner** | Open to internships, freelance work, and learning opportunities

- Built and improved portfolio-style static websites for practice and client-style presentation.
- Actively preparing for internships through web development, programming, Git/GitHub, and project-based learning.
